## MAKING IT FUN FOR TEENS

Have you run out of ways to keep your teenage learners focused, motivated and excited about learning? Come and get some new ideas on how to spice up your everyday coursebook lessons. You will walk away with flexible activities up your sleeve that require little or no preparation, and can be used in teaching both language and skills for different levels and abilities, with a view to making learning not just more fun, but also more productive.

## CHRISTMAS FOR EVERYONE

This session will provide you with practical ideas on how to explore the Christmas theme in your classroom with learners of various ages and levels. You will walk away with at least one idea for each age group - from young learners to mature adults. The activities demonstrated in the workshop are flexible, and can be adapted and used all year round.
