## **Daniela Clarke:** CHRISTMAS FOR EVERYONE

This session will provide you with practical ideas on how to explore the Christmas theme in your classroom with learners of various ages and levels. You will walk away with at least one idea for each age group - from young learners to mature adults. The activities demonstrated in the workshop are flexible, and can be adapted and used all year round.

**Daniela Clarke** is a teacher, teacher trainer, ELT writer and subject learning coach. She has been involved in ELT for over 20 years, mainly in the UK and the Czech Republic. Her teaching experience ranges from young learners to adults of all language levels and competences, and her teacher training experience covers training on the Trinity Cert TESOL and Exam Assessors Courses. Daniela currently works as a teacher trainer and an ELT consultant, and presents regularly at ELT conferences in Central and Eastern Europe. She is especially interested in the theory of learning, motivational teaching strategies and tactile learning.

## **Phil Warwick:** LANGUAGE THROUGH THE AGES

What type of tasks are suitable for what type of age group? As the year slowly comes to an end now can be the time to look at how we approach teaching each age group and some fun activities we can use with each.

**Phil Warwick** has been involved in ELT since 1988 both as a teacher and a trainer. Over this period he has taught teachers in over 20 countries and has lived and worked for extended periods in the UK, Brazil, Argentina, China, Italy and the Czech Republic. Phil is also the Academic Coordinator for a set of summer schools that specialize in offering short intensive courses in the UK for teenagers and younger learners. When he's not on a plane, he enjoys spending time with his two daughters or catching up with old friends over a beer.
